

San Mateo Training Project Presents...

FINDING OUR COMMON GROUND

With Melanie Stern, LCSW

This training will explore solutions and strategies that strengthen and enhance collaborative efforts and deepen awareness of stumbling blocks to Finding Common Grounds. We will examine barriers that impede working more effectively with our partners. Together we will utilize lecture, self-reflection, and small and large group discussion. Participants will discover their own unique strengths and how to work more effectively with those that may differ from you. *Please remember your personal color from the “True Colors” training as it will be one of the tools utilized in this day.

Melanie is a social worker, therapist, trainer and consultant.
